Professional Summary

MERN Stack Developer skilled in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Proficient in front-end development with HTML5, CSS3, and JavaScript (ES6+), and back-end development with RESTful APIs and server-side logic. Strong collaborator in agile environments, with a focus on performance, scalability, and user experience.

Technical Skills

- **Frontend:** React.js, Redux, HTML5, CSS3, JavaScript (ES6+)
- **Backend:** Node.js, Express.js, RESTful APIs
- **Database:** MongoDB, Mongoose
- **Version Control:** Git, GitHub
- **Other Tools:** Postman, VS Code

Professional Experience

Jr MERN Stack Developer

Torrenza Mould Craft Pvt Ltd. - Ahmedabad, Gujarat

June 2024- Present

- Developed and maintained dynamic web applications using the MERN stack.
- Designed RESTful APIs for data retrieval and manipulation, ensuring seamless communication between frontend and backend.
- Collaborated with UX/UI designers to create responsive and user-friendly interfaces.
- Implemented state management using Redux to optimize application performance.
- Utilized MongoDB for database management, ensuring efficient data storage and retrieval.
- Deployed applications on AWS and Heroku, managing CI/CD pipelines with Jenkins and Docker.
- Participated in code reviews and contributed to team knowledge sharing.

Full Stack Developer Intern

Royal Technosoft - Ahmedabad, Gujarat

Jan 2024 - May 2024

- Developed full-stack applications with a focus on frontend and backend integration using the MERN stack.
- Designed and implemented user authentication and authorization mechanisms.
- Created reusable components and libraries to streamline development processes.
- Conducted performance testing and optimization for enhanced application speed and efficiency.
- Collaborated with cross-functional teams in an Agile environment to deliver high-quality software solutions.
- Managed version control using Git and GitHub, ensuring codebase integrity and smooth collaboration.

Frontend Developer Intern
InfoLabz- Ahmedabad, Gujarat
Aug 2023 - Dec 2023

- Assisted in developing and maintaining the frontend of web applications using React.js and Redux.
- Collaborated with designers to ensure the technical feasibility of UI/UX designs.
- Implemented responsive design techniques to ensure the application works across various devices and browsers.
- Optimized components for maximum performance across a vast array of web-capable devices and browsers.
- Participated in daily stand-ups and bi-weekly sprints as part of an Agile development team.

Projects:

Anime-Gallery

- Technologies Used : Next.js, Infinite Scrolling, Lazy, Shikamori API.
- Key Highlights :
 - Implemented infinite scrolling to enhance user experience and seamless content loading.
 - Integrated Shikamori API to fetch and display real-time data on anime series.
 - Designed a responsive and visually appealing interface for browsing anime content.
 - Optimized performance for fast data retrieval and smooth navigation.
- URL : - <https://anime-info-dj-dev.vercel.app/>

Snap-Code

- Technologies Used : React.js, TypeScript.
- Key Highlights:
 - Developed a multi-language code editor supporting Python, Java, C, C++, and JavaScript.
 - Implemented features for saving code snippets to a personal gallery for easy access and management.
 - Enabled sharing of code snippets with friends via unique links.
 - Focused on creating a user-friendly interface with real-time syntax highlighting and error checking.
 - Ensured cross-browser compatibility and mobile responsiveness.
- URL: <https://snap-code-psi.vercel.app/>

Portfolio

- Technologies Used : React.js, Email.js, Framer Motion.
- Key Highlights: -
 - Developed a personal portfolio website to showcase skills, projects, and contact information.
 - Utilized Email.js to implement a contact form allowing users to send emails directly from the website.
 - Employed Framer Motion library to create smooth and engaging animations, enhancing user experience.
 - Designed a responsive layout to ensure optimal viewing across various devices and screen sizes.
- URL :- <https://dj-dev-portfolio.web.app/>

To-Do App with Firebase

- Technologies Used : React.js, Firebase Authentication, Firebase Realtime Databases
- Key Highlights :-
- Developed a To-Do application with Google authentication using Firebase Authentication.
- Integrated Firebase Realtime Database to store and manage user tasks in real-time.
- Designed a user-friendly interface for adding, updating, and deleting tasks.
- Implemented real-time data synchronization to ensure consistent user experience across devices
- Utilized Firebase security rules to protect user data and ensure privacy.
- URL : - <https://to-do-with-google.vercel.app/login>

Academic Credentials

Master Of Computer Application

Lokmanya College of Computer

Application (GTU) – Ahmedabad, Gujarat

Aug 2024 – Pursuing

Bachelor of Computer Application

Monark University - Ahmedabad, Gujarat

May 2021 – May 2024

Certifications

MERN Stack , Royal TechnoSoft , Dec - 2022

HTML/CSS , Royal TechnoSoft , Jan - 2022

Javascript , Royal TechnoSoft , Mar - 2022

C /C++ , Royal Technosoft , Dec – 2021

Java , Royal Technosoft , Feb - 2022

Other Personal Information

Address	B 103 Yogeshwar Flat NEW RTO Road Vastral, Ahmedabad, Gujarat - 382350
Date of Birth	23/02/2004
Languages Known	English, Hindi and Gujarati
